Recommended payment providers

We recommend adding one of the following payment extensions to your store. The extension will be installed and activated for you when you click "Get started".

PayFast

The PayFast extension for WooCommerce enables you to accept payments by Credit Card and EFT via one of South Africa's most popular payment gateways. No setup fees or monthly subscription costs. Selecting this extension will configure your store to use South African rand as the selected currency.

Get started

PayPal Payments

Safe and secure payments using credit cards or your customer's PayPal account.
