

# PLUGIN SETTING @ADMIN DASHBOARD

This is where the administrator/merchant update or enter his/her Payment API Keys derived from ICS Connectx Portal

The screenshot shows the WordPress admin dashboard with the WooCommerce Payments settings page open. The left sidebar contains navigation menus for Dashboard, BuddyBoss, Posts, Media, Pages, Comments, WooCommerce (highlighted), Home, Orders, Customers, Coupons, Reports, Settings, Status, Extensions, Products, Analytics, Marketing, Elementor, Templates, Appearance, Plugins, Users, Tools, Settings, and Collapse menu. The main content area is titled 'Payments' and includes tabs for General, Products, Shipping, Payments (selected), Accounts & Privacy, Emails, Integration, and Advanced. A notification banner at the top asks 'Love using Elementor?' with 'Sure! I'd love to help' and 'No thanks' buttons. Below this is the 'ICS Connectx Gateway' section with the following settings:

- Enable/Disable:**  Enable ICS Connectx Gateway
- Title:**
- Description:**
- Test mode:**  Enable Test Mode
- Payment Option:**   
Popup shows the payment popup on the page while Redirect will redirect the customer to Paystack to make payment.
- Live Secret Key:**   
Enter your Live Secret Key here.
- Live Public Key:**   
Enter your Live Public Key here.

A green 'Save changes' button is located at the bottom left of the settings area.
